

SME Plymouth Environmental Team Environmental Policy

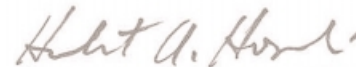

SME's Plymouth Environmental (PE) Team, a provider of environmental assessments, consulting, and reporting services, will endeavor to conduct activities in accordance with the following principles:

- Maintain a continual improvement process within our environmental management system.
- Within our sphere of influence, strive to prevent and/or reduce pollution where practical and financially feasible.
- Conduct activities with honesty and integrity, as well as comply with relevant federal, state, and local laws.
- Use this policy as a basis for developing and achieving our environmental objectives.
